

SHOWN: SPARK MC-20 TUBULAR MOTOR

WI-FI OR ZIGBEE • REMOTE INCLUDED

● SPARK MC-20 • TUBULAR MOTOR

# Blinds that rise with the sun.

The Spark MC-20 is a smart motor that fits inside the tube of a roller blind. Raise and lower your blinds from the Tuya Smart app, with the remote, or by voice. Two sizes, 25 and 35, in Wi-Fi or Zigbee.

● Wi-Fi or Zigbee

● Tuya Smart app

● Remote control

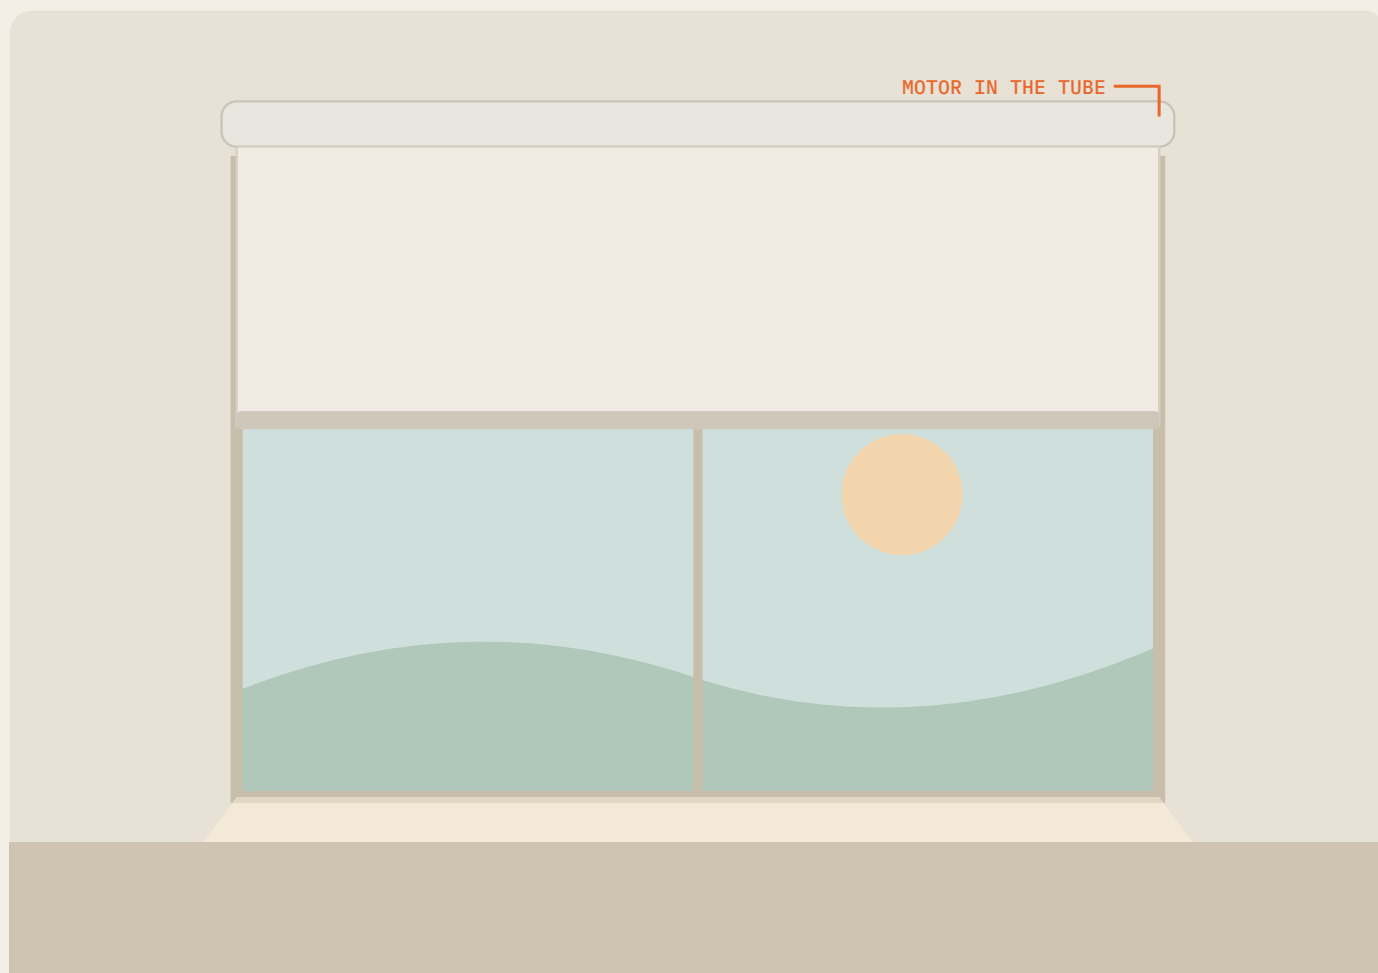

● Voice control

● Sizes 25 • 35

● Roller • zebra • Shangri-La blinds

APP • REMOTE • VOICE

# Morning light, without getting up.

## Tuya Smart app

Up, down or stop, from anywhere.

## Remote control

Included. Raise and lower without a phone.

## Voice control

Ask, and the blind moves.

## Wi-Fi version

Straight to the home router. No hub needed.

## Zigbee version

Through a Tuya Zigbee gateway, like the one in Spark 7" and 10" panels.

## APPLICATIONS

# One motor. Three kinds of blind.

### Roller blinds

One smooth fabric that rolls up into the cassette.

### Zebra blinds

Alternating sheer and solid bands for soft light.

### Shangri-La blinds

Soft fabric vanes between two sheer layers.

## WHERE IT FITS

# Homes and offices.

### Living room

Glare-free TV and soft daylight.

### Bedroom

Dark when you sleep, light when you wake.

### Office

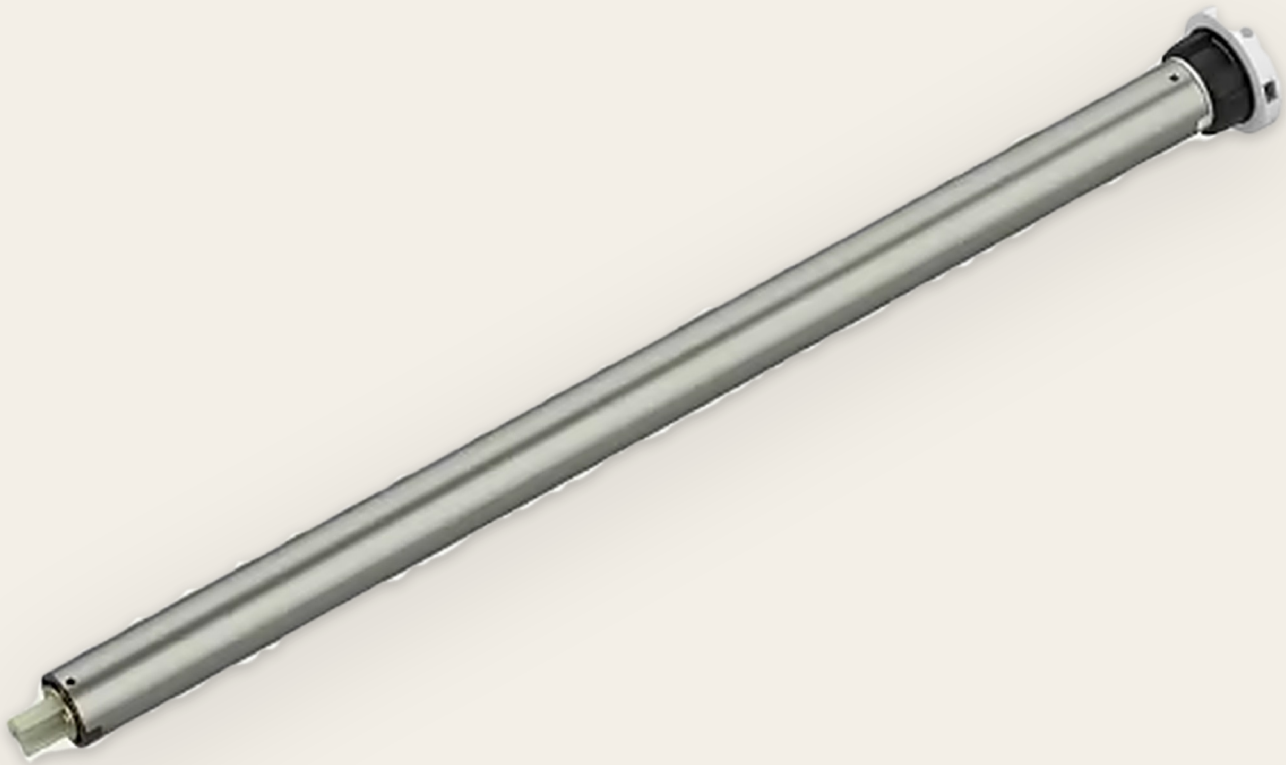

Shade for screens through the day.

### Meeting room

Lower the blinds for a presentation.

THE MOTOR

Hidden in the tube.  
Nothing on the wall.

**Motor head**  
Mounts in the end bracket.

**Drive end**  
Turns the blind tube.

SIZE

**25**

For smaller blind tubes.

SIZE

**35**

For larger blind tubes.
