- 3 key · 4 key
- Glass-look panel

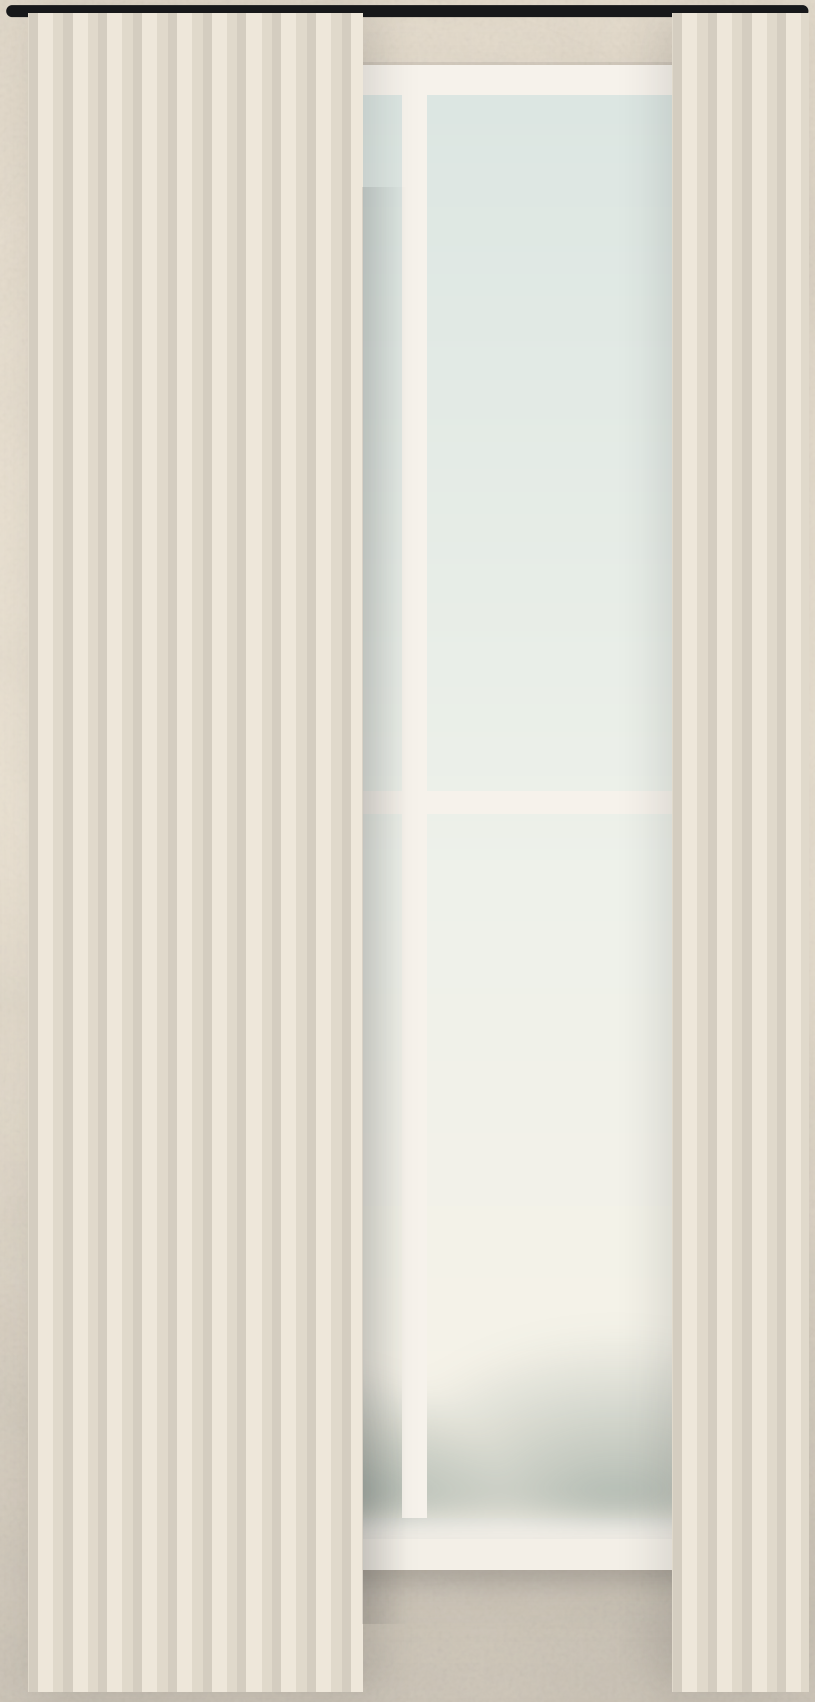
LIVING ROOM

Let the light in.

Open, stop or close your curtains with one touch — stop them anywhere in between.

OPEN STOP CLOSE

WT-60-B · 3 KEY · WARM PLASTER

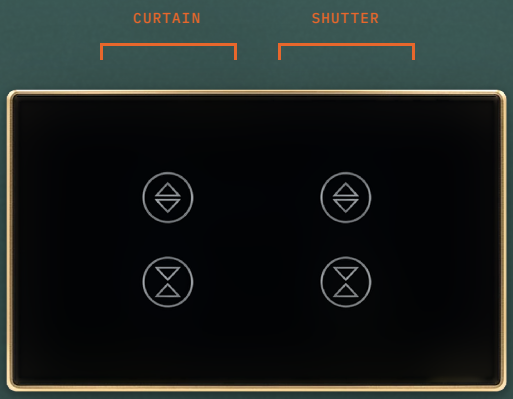


spark

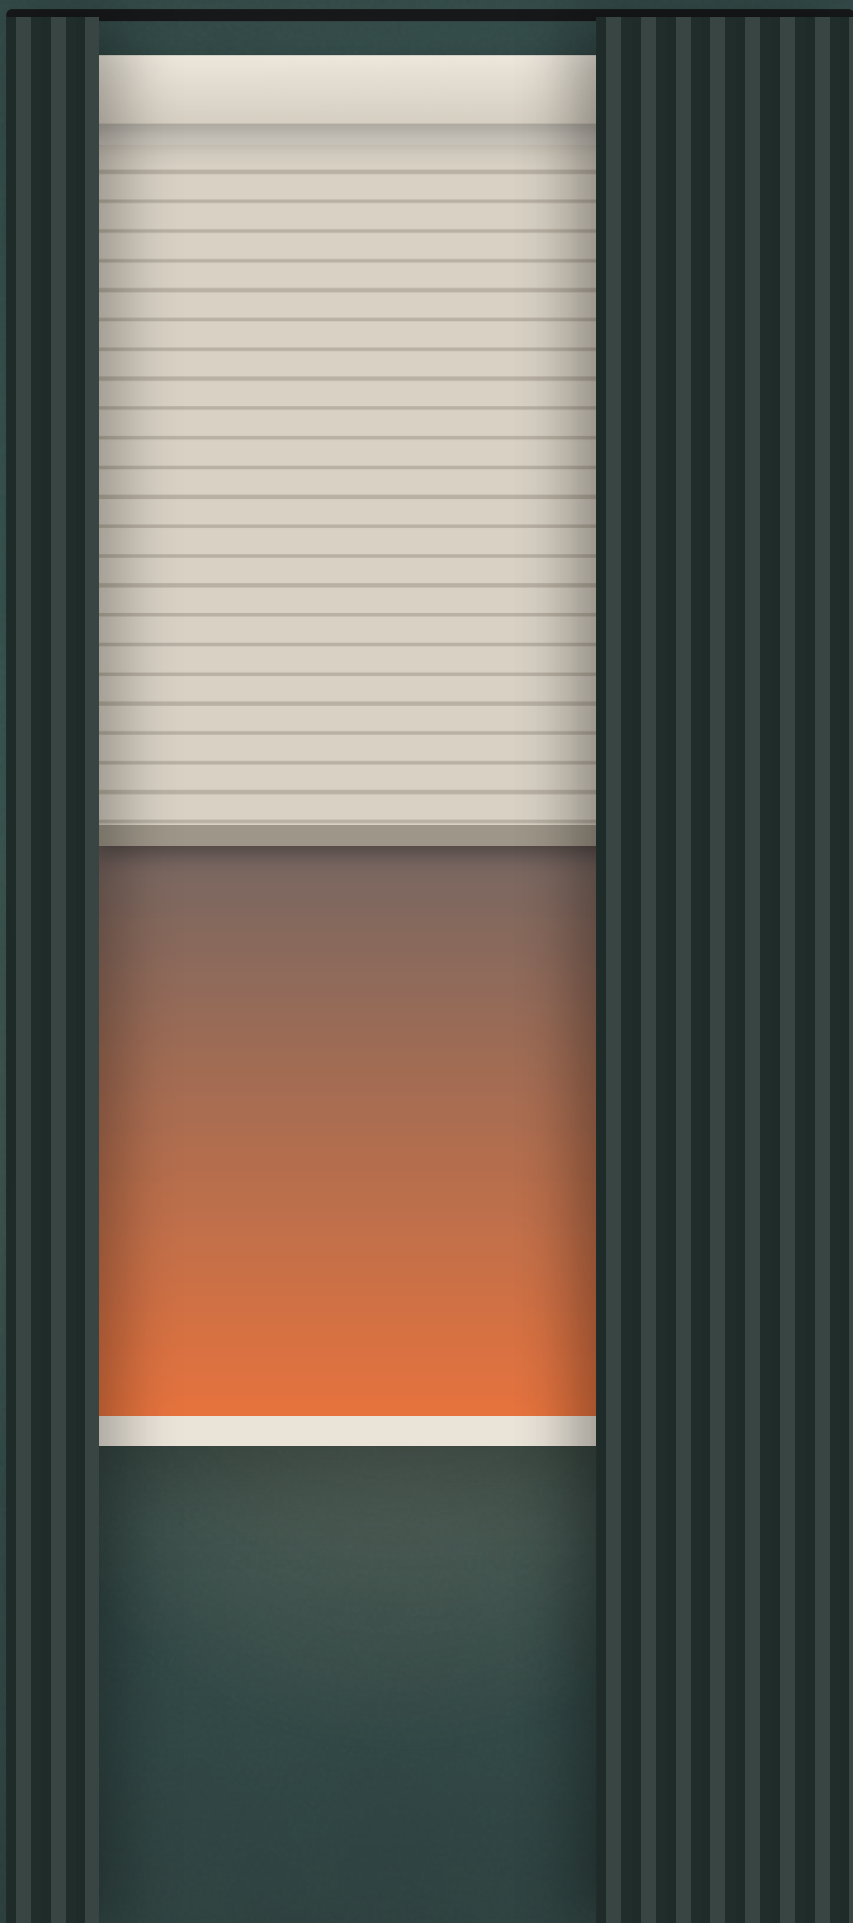
BEDROOM

Two motors. One switch.

The 4 key controls two motors — here, the curtain on the left keys and the shutter on the right.



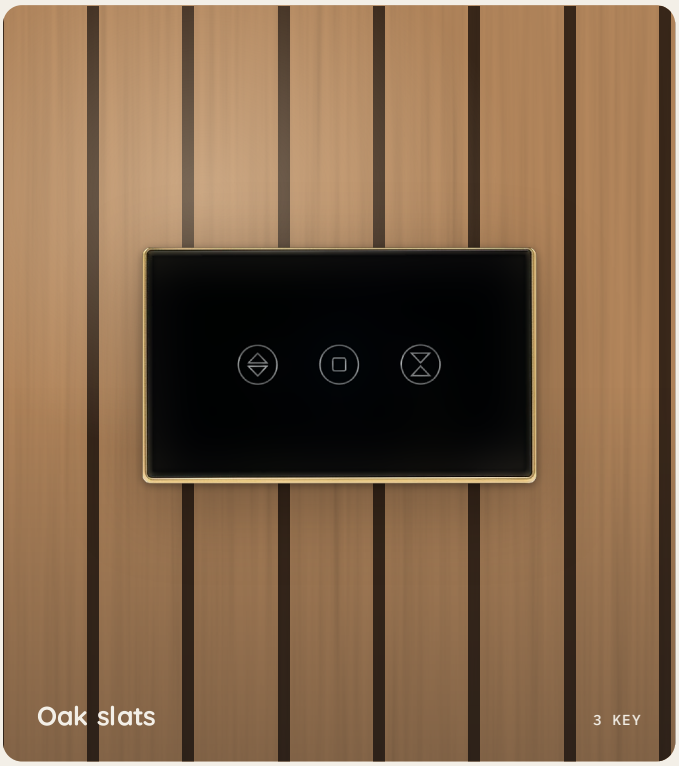
WT-60-B · 4 KEY · SLATE PAINT

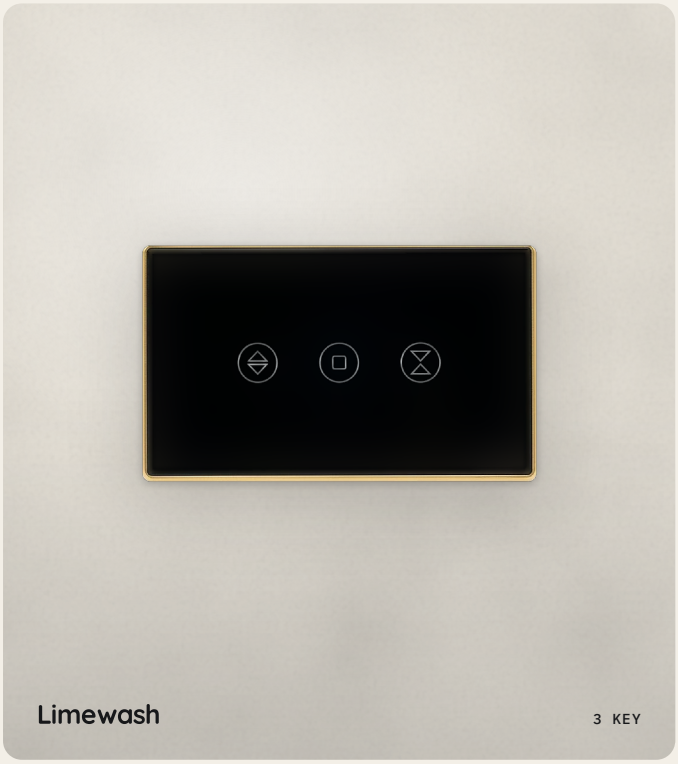


spark

DESIGN

One design. Every wall.





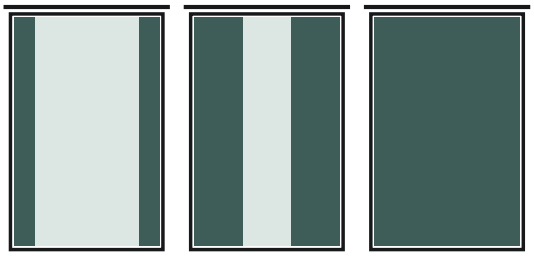
Wall finishes are illustrations. Every WT-60-B shown in black.

HOW THE KEYS WORK

One motor or two.

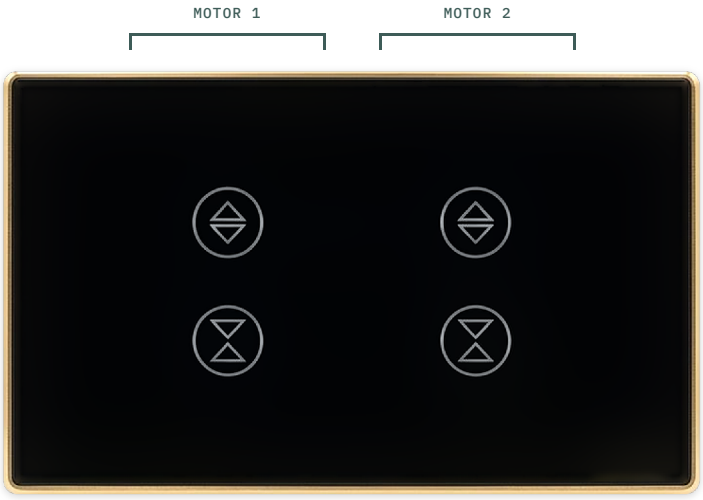
3 KEY · ONE CURTAIN OR SHUTTER

OPEN STOP CLOSE



Press Stop at any point to leave the curtain or shutter part-way.

4 KEY · TWO CURTAINS OR SHUTTERS



TOP KEYS OPEN · BOTTOM KEYS CLOSE

Pair it the way your room works.

Curtain + shutter · bedroom window
Sheer + blackout · two curtain tracks
Two windows · one switch by the door

KEY SYMBOLS — Open · Stop · Close

CHOOSE YOUR VERSION

Curtains and shutters, your way.

1 MOTOR

3 Key

Open · Stop · Close

2 MOTORS

4 Key

Open · Close, two columns

WHY IT WORKS

Wi-Fi

Connects to your home Wi-Fi network.

Curtains & shutters

For motorised curtains and window shutters.

Touch keys

Tap a symbol to open, stop or close — on a flat glass-look panel.

Clear symbols

Open, stop and close marked on each touch key.
